

16 December 2020

Dear Parent/Carer,

I am writing to let you know that we have been made aware of a member of our staff who has tested positive for Covid-19. **No contacts have been identified as the member of staff didn't attend school for the time period they were considered infectious.** We wish the member of staff a speedy recovery.

The school remains open and your child should continue to attend as normal if they continue to feel well.

Please be assured that we continue to work closely with Public Health England and the Local Authority to inform them and follow their guidance to ensure the safety of both our students and staff.

Please can I ask you to note the information shared in this weeks' Principal Weekly Bulletin about contacting the school if your child should receive a positive Covid-19 test up until 24 December. Contacting the school should be made only via the Astrea App or via enquiries@astrea-longsands.org up until midday on Christmas Eve. This will enable me to get in touch with staff and students who would be considered a close contact.

As we approach the end of the autumn term, I would like to thank you for your continued support during these difficult times.

Yours sincerely

Mr N D Owen
Principal
